

THE 30/30 PROJECT

HEALTH CARE IS A HUMAN RIGHT

Seven-Year Impact Report: April 2014 - September 2021

The 30/30 Project envisions a world in which HEALTHCARE IS A HUMAN RIGHT. Our mission is to increase healthcare access worldwide by providing healthcare infrastructure for communities that lack medical service. Our goal is to construct 30 healthcare projects worldwide that are built to such rigorous standards, that they stand for at least 30 years.

Due to the COVID-19 pandemic, the two final projects were delayed. We are excited to announce that we will break ground on both projects in early 2022.

PROJECTS

19 Healthcare Clinics, **3** Maternity Wards, **2** Inpatient Wards,
1 Refugee Garden, **2** Outreach Centers, **1** Lab, **1** Solar Project,
1 Operating Room in nine places
